

Siblings of Children with Autism Interactive Workshops

For Siblings:

When children have a sibling with autism, they may have difficulty understanding their sibling's behavior and separating myths from facts. This workshop will provide children with a fun and interactive experience. Siblings will participate in educational games to learn about autism, their siblings' behavior and experiences they have in common. Siblings ages 8-12 are encouraged to attend.

For Parents:

During the sibling group, parents are invited to attend an interactive group discussion on issues affecting siblings of children with autism. Parents will discuss strategies to help their children interact more effectively and will be encouraged to share personal experiences.

Camden County

Thursday, April 22, 2010
4:30-6:30 pm
Cherry Hill Public Library
1100 Kings Highway North
Cherry Hill, New Jersey 08034

HOW DID YOU HEAR ABOUT THIS WORKSHOP?

This workshop is free of charge, but would not be possible without the support of our members and generous donors. Please consider making a tax-deductible contribution online today with your registration or visit **www.autismnj.org** for more information about how to become a member of New Jersey's largest autism advocacy organization. Thank you.
