

Directory of New Jersey Schools
Serving Children with
Autism Spectrum Disorders

800.4.AUTISM
information@autismnj.org
www.autismnj.org

About this Directory

Autism New Jersey maintains this directory as a service to families, school districts and other professionals. The information listed was provided by each school, and their inclusion in this directory should not be considered an endorsement by Autism New Jersey.

We do not claim to have personal knowledge of any of the schools, and we do not evaluate an individual school's interpretation or implementation of its educational methodologies.

We urge you to make independent judgment when selecting a school program.

Please remember that any program chosen for a child with an autism spectrum disorder should be based on the child's Individualized Education Program (IEP). Parents and child study team members should work together to develop the child's IEP and then select the most appropriate program based on the completed IEP.

How to Use this Directory

Schools are listed by county, and grouped by type: public and private. Each listing includes the length of the school year and ages served (ESY = Extended School Year). When provided to us, we also include if the school offers the following services: Home Program, Parent Training, Parent Support Group, and After-School Program.

Please contact the school directly for more specific information.

Please contact us if you are aware of schools that are not listed here.

Our Mission

Autism New Jersey is a nonprofit agency committed to ensuring safe and fulfilling lives for individuals with autism, their families, and the professionals who support them. Through awareness, credible information, education, and public policy initiatives, Autism New Jersey leads the way to lifelong individualized services provided with skill and compassion. We recognize the autism community's many contributions to society and work to enhance their resilience, abilities and quality of life.

Our Vision

*We are **GROUND**ED in science,
STRENGTHENED by knowledge, and
DEVOTED to creating a society of
compassion and inclusion
for all those touched by autism.*

About Autism New Jersey

Autism New Jersey is the largest statewide network of parents and professionals dedicated to improving lives of individuals with autism spectrum disorders. Self-advocates, families, the professionals who work with them, government officials, the media, and concerned state residents all turn to Autism New Jersey for information, compassionate support, and training. Our public policy work in Trenton, annual conference, and information line (800.4.AUTISM) are just a few of the ways we make a difference for New Jersey's autism community.
